TRANSMITTAL OF DRAFT INDUSTRIAL AREA INTERIM MEASURES/INTERIM REMEDIAL ACTION/DECISION DOCUMENT (IM/IRA/DD) - MSB-015-94

This transmittal is in fulfillment of the March 23, 1994 milestone for the delivery of the above referenced document. Three copies of the document have been delivered under separate co As we discussed previously, I have instructed the subcontractor to informally submit this san document to the regulatory agencies for concurrent review. This submittal must be immediate followed by a formal transmittal letter so that the project is credited with an ahead-of-schedule milestone completion.

Under the current schedule, formal comments are to be submitted by April 6, 1994. This schedule accommodates the fifteen day review period that was agreed on in the original proje schedule. Please inform the agencies and your internal reviewers of this date, and that all comments are to be formal. This will allow them to be compiled and addressed more easily.

Several people within the Department of Energy/Rocky Flats Office (DOE/RFO) have expressed a desire to review this document. It may be beneficial to have some of Bob Birk's staff provide comments as well as Tom Bearden and Jon Dion. If you have any questions, or need additional information, please don't hesitate to call.
